INTRODUCTION

The MSc in International Audit and Corporate Finance is a two-year program (4-semester program).

Students will enter directly into the 2nd year, after having completed four years of Higher Education at the IAE Clermont Auvergne or at another University. This program is taught in English.

Students will have to choose between Economics and Finance track and Accounting and Audit track.

The programme can be articulated in different ways : either two semesters of courses with at the end of the second semester a 3 to 5 months Internship or Research Project, or one semester of courses, followed by a second semester with a 4 to 6 months Internship or a Research Project.

We offer the third possibility only for students in Accounting and Audit track with a minimum B2 level in French language : attend 100 hours of French-taught courses and alternate courses and periods in a company in the frame of dual studies (« alternance »).

Foreign students will attend a “French as a foreign language” course (20 hours) to help them better integrate and appreciate French culture.

OBJECTIVES

The objectives of the program include:

- To increase the global mindset and cross-cultural exchange of our student body and improve the international adaptability of our graduates to work effectively in banks, large corporations and international audit firms.
- To meet the professional expectations and international standards for Accounting and Finance,
- To welcome International students into an English language Accounting and Finance program.
- Access professions in accounting, finance and economics in large international groups, private (big 4, banking sector...) or public (higher administration, international organizations...);
- Get skills in real life situations, by combining theoretical developments, statistics and/ or econometric approaches;
- Consider a context characterized by ever growing trade, and a larger financial transparency (study of US Gaap and IFRS);
- Consider many international economics issues, and analyze them with economic analysis tools.

LANGUAGE

This program is offered entirely in English. French as a foreign language course is compulsory for students who are not native French speakers.

ENTRY REQUIREMENTS

- An Honours bachelor's degree in Finance, Accounting or a related discipline. Candidates are expected to have a higher level of knowledge of Economics - Finance or Accounting - Audit and to have a basic knowledge of Calculus, Statistics ,Economics.
- Candidates must have successfully completed 4 years of higher education, in order to enter the second year of a master's degree: either a four-year bachelor's degree, or a three-year bachelor's degree and the first year of a master's degree.
- Candidates who are not native English speakers or who have not completed their first degree at a university in which the language of teaching is English will match our English Language requirement by holding an English language qualification at the level: IELTS: 7; TOEFL IBT: 85, Cambridge English advanced certificate, TOEIC 850.
- Candidates should supply a covering letter outlining their academic achievements, special academic interests, and their motivation for wishing to join the program.

APPLICATION

International students should first check that their country of residence belongs to the "EEF Etudes en France procedure countries" list established by Campus France:
<https://www.campusfrance.org/en/application-etudes-en-france-procedure>

In this case, application will be done through Campus France AND through the IAE Clermont Auvergne - School of Management admission procedure.

See instructions at the following link:

<https://iae.uca.fr/international/incoming-students/degree-seeking-students>

If the country of residence does not belong to the "EEF Etudes en France procedure countries", and only in this case, students should follow application instructions at the following link:

<https://iae.uca.fr/international/incoming-students/degree-seeking-students>

CAREER OPPORTUNITIES

- Graduates from the MSc in International Audit and Corporate Finance may :
- Work as professional accountants and auditors in international Accounting, Auditing and Finance firms as well as private or public organisations,
- Find employment in accounting and financial services in large listed companies, in international audit firms, in development agencies (GIZ, NORAD,...) governments, international finance institutions or the private sector, or in NGOs...

ADDITIONAL INFORMATION - MORE ON WHY YOU SHOULD STUDY THIS PROGRAM

RESEARCH OPPORTUNITIES

This master's programme offered by the IAE Clermont Auvergne - School of Management of University of Clermont Auvergne is taught by professors and researchers from CleRMa (Clermont Research Center in Management) and prestigious experts from worldwide partner universities. CleRMa excels in bringing together participants and researchers from leading universities and business schools. Governance is its general theme, which includes research on accounting and finance.

COMPLEMENTARY QUALIFICATION "INTRODUCTION TO RESEARCH"

The IAE Clermont Auvergne - School of Management offers all students enrolled in Master 2 programs a complementary qualification entitled "Introduction to Research".

The main objective of this qualification is to offer training in research methodology to students aiming to apply for a PhD program in Management Sciences. This training is free for students who are already enrolled in a Master 2 program at the IAE Clermont Auvergne - School of Management.

This qualification will allow students to prepare a PhD project by:

- Defining a research topic;
- Choosing a research subject and a research method;
- Adding value to their research by drafting a research article and a research report.

TEACHING ORGANIZATION

The Complementary Qualification « Introduction to Research » Program starts in October and includes specific courses at 1st and 2nd semester, in addition to courses of students' regular Master program.

Classes are organised twice a week, usually on Tuesdays and Thursdays from 5 pm to 8 pm between October and April/May.

Students will attend courses on epistemology, major research streams (hot topics), methodology, and practice of research

A meeting is organized for students at the beginning of academic year in order to present the program and to inform them about the application procedure (applicants have to send an e-mail to the program secretary before 30/09 of each academic year, accompanied by a cover letter and a CV).

Courses are evaluated as follows:

- 1) The candidate write a thesis project in collaboration with a supervisor. The thesis project is presented during an oral defense. The project and the defense lead to the award of a grade.
- 2) The candidate write a master thesis under the supervision of a professor. The master thesis is presented during an oral defense. The thesis and the defense lead to the award of a grade."
